

Nicholas P. Dominick, Jr.
Senior Vice President, Diagnostic and Support Services

Responsible for supply chain management, pharmacy and imaging services for Lifespan, and cancer and cardiac services for Rhode Island Hospital. He has been with Rhode Island Hospital and Lifespan since 2000, when he joined the staff as the director of materials management. In 2004 he was appointed to the position of administrative director for cardiovascular services. In 2008 he was promoted to the position of vice president. In 2013, he was promoted to his current Senior Vice President position.

Nick has over twenty five years of experience in health care operations. This experience is in both clinical and support services. Prior to joining Lifespan he served as the manager of materials management for New York Presbyterian Hospital. He received his undergraduate degree in business administration from Pace University.
